

CLIFTON SIPPING GIN

RARE CAPE GIN

Created in the Cape, this small-batch hand crafted spirit is a rare expression of a fine sipping gin. Perfect served over ice or in a cocktail, the floral top-notes are balanced with a creamy mouth feel & distinctive caramelised flavour character from honeybush.

This perfumed gin offers numerous floral accords including the soothing notes of chamomile blossoms, lavender and Cape Snowbush.

Rugged granite boulders stand boldly as a signature of the beauty of the Cape, with white beaches cusped against the backdrop of the legendary Lions Head mountain. Sunset on the most exclusive beach in South Africa, Clifton 1, with the golden rays of the sun resulting in unforgettable moments.

FLAVOUR NOTES

A fusion of soothing, smooth botanicals of Chamomile, Honeybush, Lavender, Cape Snowbush and traditional Juniper berries.
