

CLIFTON *Atlantic Rosé*

An elegant, dry rosé. Pale coral in colour with playful undertones of raspberry and splashes of citrus. Beautifully fresh and easy-drinking with balanced, crisp acidity to finish.

The perfect wine to share among friends on a hot summer's day or as golden hour strikes just before sunset.

Pairing/serving suggestion

A great accompaniment to lighter-styled foods such as sushi, salads and tapas. Serve chilled.

Vinification

Created using light skin contact and gentle pressing to preserve the delicate characteristics of the grapes. Primarily Mourvèdre, with a slight addition of Muscat d'Alexandrie to elevate the fruity characteristics and round off the wine.
