CHARACTER

Prune and tobacco aromas combine with lush hints of fruitcake spice and ripe sour cherries on the nose. A textured palate with chalky tannins finishes with good length and aromatics.

PREPARATION OF WINE

Handpicked grapes were transported to the cellar and chilled overnight for processing the next morning. Wild fermentation commenced after 2 days of cold soaking in French oak casks. After fermentation the wine was matured for 20 months in French and Romanian oak barrels.

SUGGESTED FOOD

The wine pairs well with springbok, kudu, beef and medium ripe cheeses.
